Conference Results Only in Declaring All Negotiations Off.

Union Submits Several Propositions, Which Employers Flatly Refuse to Consider at All.

CHICAGO, June 7 - After a conference lasting for five hours, between the Employers' association and the committee appointed last night by the Teamsters' Joint council, with full power to settle the strike, all negotiations were declared off at 9 o'clock tonight, and there is no Immediate probability of a settlement.

Want All Guards Withdrawn.

The union submitted a number of propositions which the employers fistly resitions which the employers flatly re-fused to consider at all. Chief among these was that if the strike was declared off all the police and deputy sherins who are now protecting non-union men should be withdrasm. The employers refused to consider such a proposition for an instant, declaring that they would maintain the guards as long as there was the elightest chance of violence.

The teamsters also demanded that if the strike be called off the business houses refuse to receive from or deliver to the express companies any merchandise. This proposition, which was a virtual demand that the boycotted business houses assist the teamsters in their boycott against the express companies, was also promptly declined by the employers. Another demand by the temployers that all strikers be given positions before any new non-union men are hired. This was also refused.

There were a number of other demands made by the teamsters which might have received favorable consideration, but the parties were so far apart on the chief demands made by the unions that there was no use of taking them up.

There is a faint possibility that the conference may be resumed tomorrow, but unless a radical change is made in the position of one side or the other, there is no prospect of a settlement of the strike.

Hearn Reports on Work of Knights

Delegates Enjoy Characteristic Celebration at Old Mission Town-First Business Session.

LOS ANGELES, Cat., June 7.—The first business session of the National council of the Knights of Columbus was chiefly devoted to the appointment of committees, the reading of reports, in-cluding that of Supreme Knight Eiward L. Hearn.

Reviews Work of Year Supreme Knight Hearn reviewed the work of the order during the preceding year. He recommended that the various State councils celebrate an annual memorial mass on February 22, to commemorate the dead of the order. He recommended for consideration by officers of all the State councils the question of obtaining greater growth by inaugurating some plan for infusing new life and renewed enthusiasm into their members. This work, he thought, could be best accomplished through the State headquarters. nest accomplished through the State headquarters.

He also favored the concentration of efforts on the most deserving of the charitable projects which come before the various councils.

Suggests Some Changes.

With reference to the question of finance, Mr. Hearn expressed the opinion that some changes should be made in the laws controlling the investing of the fends without in any way lessening the safeguards that have been built up for the protection of the order's interests. He further recommended that consideration of the adoption of a level rate plan of assessments to be operated in conjunction with the present step-rate plan of assessment.

assessment. He believed also that the the day was not far distant when it would be advis-able to consider the matter of advanced premiums, payable quarterly, semi-an-nually or annually in advance. Growth of the Order.

Speaking of the growth of the order during the year, Mr. Hearn told of his anticipation that before the close of the present year orders would be introduced into Mexico, and probably into Forto Rico and Cuba. He felt that the growth of the movement throughout Canada was new assured because, under authority of the board of directors, the rituals are being translated into the French language.

Gives Financial Condition.

The report of National Secretary Daniel Colwell regarding the financial condings of the order was very satisfactory. It showed as balance on hand, December 31, 1994, of \$1.245,525. Nearly all the resources are invested in interest-bearing securities. The amount of insurance carried by the order or January 1, 1995, was \$12,-271,000. The council will reassemble tomorrow, when it is expected that officers will be chosen.

Storthing Passes Resolution Declaring for the Dissolution.

King Refuses Request to Co-Operate in Selection of Prince to Occupy Norway Throne.

CHRISTIANIA, Norway, June 7,-"Norway, from today, is a fully independent

and sovereign State: This is the text of the editorials in the Norwegian newspapers, and it reflects the spirit with which the people of Norway accept today's action of the Storthing, when it proclaimed King Oscar no longer King of Norway,

Resolutions Pass. Following is the resolution passed by the Storthing unanimously and without debate:

Address to the People. At its meeting this evening the Stor-thing addressed a proclimation to the Norwegian people in which is given a de-tailed account of the events preceding the pussing of the resolution. The proc-lamation concludes as follows:

Sure of People's Support.

The Storthing is sure that the people will join with it and with the Government in majorialising the fall independence of Norway, and with firmness and dignified tranquillity submit to the increasary sacrifices, and it is further sure that all subjects will fully respect all ordinances and prescriptions from the Government.

Marked by Dignity.

The proceedings throughout the mo-mentous session of the Storthing today were marked by supreme good order and by the utmost dignity. The plans had been most carefully prepared, and noth-ing had been omitted to secure the in-auguration of the new government under the best auspices.

the best auspices. That the feeling was intense was evidenced by the great gatherings of people outside the Storthing during the early session, and after the amouncement of the result of the proceedings a quiet respect was shown the members as they left the building. The people, by their attitude, seemed to realize the responsibility placed upon them.

Ovation to Premier. Ovation to Premier.

The crowds were especially respectful in their ovation to M. Michelsen, the retiring Premier, who, when interviewed by the Associated Press, said he was exceedingly pleased at the dignity displayed both Inside and outside the Storthing. The Premier said the proceedings were soleme, and that every one was imbued with a tremendous responsibility; but, he added, "the Storthing could not have taken any other step."

It was arranged that the Storthing will send a deputation to convey the address adopted by it to the King.

Causes Considerable Excitement.

Causes Considerable Excitement.

Although the action was anticipated, it caused considerable excitement in this city on account of the anxiety as to what action the King would take. The crisis became acute May 2s, when his Majesty, after three months' rest, during which the regency was confided to Crown Prince Gustave, resumed the reins of office. The Council of State immediately submitted to him the consular bill which he on May 2s refused to sanction, arguing that any action must receive the sanction of a mixed council.

King Rafused Resignations

King Refused Resignations.

The Norwegian Council of State there-upon resigned and the King refused to accept their resignations, as in view of the state of public opinion it was impossi-ble to form a new government. Demonble to form a new government. Demon-trations were held throughout the coun-try indersing the action of the Council of

State.

The consular bill, while apparently of little importance, was designated to open the whole question of foreign affairs, which Norway desires to manage independently of Sweden. Address to the King.

An address to the King was adopted by the Storthing today, declaring that no iti feeling was entertained against him, his dynasty or the Swedish nation, and ask-ing him to co-operate in the selection of a young Prince of the house of Berna-dotte to occupy the throne of Norway.

King Will Not Consent. Ring Will Not Consent.

It is not anticipated that King Oscar will consent to any Prince of the house of Bernadotte accepting the Norwegian crown. Should the King refuse there is a possibility that the throne may be offered to Prince Waldemar, the third son of King Christian of Denmark. The penple of Denmark largely sympathize with the Norwegian demands.

Step Is Serious.

After the Storthing had adopted the res-cipations Premier herner, in a short speech, emphasized the serious importance of the step taken and concluded with saying: "May God protect the fatherland." The whole assembly joined in the President's
